### Purpose of the Summit

- To acknowledge the importance of Local Education Agency (LEA) leadership in supporting principals as instructional leaders in order for the successful alignment of education initiatives;
- To recognize how AZCCRS, effective instruction, aligned assessments and educator evaluation systems are interdependent and complementary;
- To deepen school and LEA leadership's understanding of the link between the implementation of Arizona's College & Career Ready Standards (AZCCRS) and the observation component of the evaluation process;
- To examine various approaches, both within and outside of Arizona, that will assist principals in recognizing AZCCRS instruction;
- To strengthen the principal's skillset in conducting pre- and post-observation conversations with teachers;
- To provide team time to identify needs and next steps in supporting principals as instructional leaders;
- To explore approaches and strategies to strengthen the principal pipeline in Arizona

## Summit Format

Participants will hear state and national experts provide current information, research and resources on approaches to supporting school leaders with the integration of the AZCCRS and teacher observation/evaluation. LEA teams will have the opportunity to reflect on and discuss the information provided and develop plans in working sessions, grouped by the LEA's adopted evaluation frameworks being implemented (Danielson, Marzano, Stronge, MCESA, TAP, LEA-created, etc.). Experts will be available for questions, consultation and guidance during team working sessions. A workbook will be provided for each session to record key ideas, reflections, discussions, decisions and next steps determined in working sessions.
